ADVANCED PRACTICE NURSING EXPERIENCE

SEASIDE PHYSICIANS GROUP – Coral Gables, FL

JAN-APRIL 2012

Primary Care, Precepted by Jane Dixon, ANP, CDE

- Performed patient consults and physicals, and assessed, diagnosed, and treated primary care issues.
- Administered vaccines, performed culture and sensitivity tests, and assisted with urgent care visits.
- Educated patients on diseases, disease prevention, treatment options, and lifestyle modifications.

M.D. ANDERSON CANCER CENTER – Miami, FL

SEPT-DEC 2011

Oncology (Multiple Myeloma), Precepted by Mary Lenox, ANP, OCN

- Cared for and observed patients undergoing standard cancer treatments, autologous stem cell transportation (SCT), adjunct therapies, and innovative regimens for smoldering, relapsed, and refractory multiple myeloma.
- Managed chemotherapy regimens, medication side effects, and clinical trial enrollment.
- Developed care and psychosocial plans for oncological patients.

METRO COMMUNITY CENTER – Miami, FL

MAY-AUG 2011

Community Health / Primary Care, Precepted by Nancy Anderson, FNP, CDE

- Delivered care to diverse, underserved patient population, performing pap smears, rectal exams, immunization and DEPO injections, tuberculosis screenings, throat cultures, and wound care.
- Focused on providing in-depth patient consults, routine physicals, and examinations.
- Educated patients and families on diabetes, insulin management, and dietary modifications.

Advanced Practice Nursing Experience, Cont'd.

SOUTH MIAMI HOSPITAL – MIAMI, FL

JAN-APRIL 2011

Inpatient Diabetes, Precepted by Peter Appleton, ANP, CDE

- Completed diabetes consults for inpatient units, and implemented and managed insulin regimens for acute adult patients with multiple chronic comorbidities.
- Led disease-specific instruction, with focus on diet, exercise, and insulin injection techniques.
- Facilitated weekly community health education program for newly diagnosed diabetic patients to address questions, and educate patients and families.
- Coordinated with Case Management team to ensure patients received necessary resources at discharge.
- Rounded with Endocrine team on weekly basis, and collaborated on patient treatment plans.

REGISTERED NURSE CLINICAL EXPERIENCE

SOUTH MIAMI HOSPITAL – MIAMI, FL

SEPT-DEC 2010

Adult Acute General Medicine

- Administered medication and managed care for patients with complex medical diagnoses including cardiac, endocrine, neurological, pulmonary, hepatic, renal, psychosocial, and infectious disease.
- Utilized extensive research on pathophysiology to develop and implement nursing care plans.
- Obtained detailed patient health histories through interviews with patients, families, and care providers.

Cardiac Surgery Step-Down

JAN-APRIL 2010

- Provided care to patients admitted post-operatively from cardiac surgical intensive care unit.
- Managed treatments, dispersed medicine, and interviewed patients, families, and providers for patient health histories.

SOUTH BEND COMMUNITY HEALTH – Coral Gables, FL

JAN-APRIL 2010

Community Health

- Identified health-related community concerns, such as lack of nutrition education, by conducting needs assessments via interviews and group discussions with residents.
- Facilitated weekly group discussions on healthy living, organized blood pressure clinics, and offered health promotion materials, including low sodium recipes.

INTERCOASTAL MEDICAL CENTER – Fort Lauderdale, FL

SEPT-DEC 2009

Adult Inpatient Psychiatry

- Counseled individuals with Schizophrenia, Bipolar Disorder, and Major Depressive Disorder.
- Led weekly group sessions on healthy living topics, such as nutrition and stress management.
- Shadowed mental health nurses and attended nursing rounds.

ADDITIONAL EXPERIENCE

M.D. ANDERSON CANCER CENTER – Miami, FL

2007-2010

Clinical Assistant, Hematology Oncology Department

- Aided physicians, physician's assistants, and nurse practitioners with patient care, vital signs, pain assessment, clinical procedures, and bone marrow biopsies.
- Gained experience with disease processes and malignancies of hematologic cancers.
